(54) GROUP WORK SUPPORT SYSTEM

(57)Abstract:

PURPOSE: To easily grasp the activity state of group work which is done by sharing plural data.

CONSTITUTION: This group work support system is provided with data management means (5, 6, 9, and 10) for group work which store and manage group work data (shared data and half-shared data) as an object of the group work, an information processor (A) where an operator performs operation for the group work data, an activity data management means (7) which gathers and manages activity data on the group work by monitoring the operation for the group work data, and a display means (3) which makes a display regarding the activities of the group work on the basis of the activity data.

LEGAL STATUS

[Date of request for examination] 25.11.1999

[Date of sending the examiner's decision of rejection] 11.03.2003

[Kind of final disposal of application other than the examiner's decision of rejection or application converted registration]

[Date of final disposal for application]

[Patent number]

[Date of registration]

[Number of appeal against examiner's decision of rejection]

[Date of requesting appeal against examiner's decision of rejection]

[Date of extinction of right]
